Subj: REQUEST FOR EXTENSION OF RESPONSE TIME TO RFI WORK PLAN COMMENTS FOR
NAVSTA MAYPORT, FL

Dear Mr. Scarborough:

We are in receipt of your letter of 6 May 1991, which provides review comments for the RCRA Facility Investigation (RFI) Work Plan of December 1991, and submitted to your office for Naval Station Mayport, Florida (I.D. #FL9 170 024 260). This work plan was submitted as required by Condition II.C.1 of the HSWA Permit for the facility.

Based on several conversations with Mr. Carl Froede of your staff and receipt of your letter, of 20 June 1991, the Navy agrees to the recommended phased approach and is requesting an extension of response time to submit a technically revised RFI Work Plan that will incorporate a Corrective Action Management Plan and schedule as outlined in your 20 June letter.

We request that the submittal date for the revised and ammended RFI Work Plan be extended to 30 October 1991. This additional time will be needed to develop, provided rationale, and integrate a Corrective Action Management Plan into the revised RFI Work Plan.

For any problems or questions, please contact Mr. Jim Reed, Code 18215, at (803) 743-0572.

Sincerely,

J. B. MALONE, JR. P.E.
